

Chapter A E-Mail PS
January 25, 2010

Tim reminded me that I forgot the Ride Card awards at the chapter gathering. Here is his report. Thanks Tim.

The 2009 mileage contest is now history. 26 Apes began and 15 reported in. Bill Holt took the mileage portion of the contest with 27,023 safe miles. He was followed by Neil Mayes (24,298), Mike Briese (22,326), and Tim Bowman (19,021). The lowest reported mileage was 1,205 by Chris Johnson. On the events side of the contest, Mike Briese was champ with 43 events. He was closely followed by Jeff Harvey (42), Sam Grubbs (37), and Bill Holt (36). Based upon miles ridden and events attended, raffle tickets were passed out and the winners enjoyed lots of cool prizes, including a battery bug, an evaporative cooling vest, GL1800 radiator lighting, a \$75 dollar Everett Powersports gift certificate, a touring map (with jewels to mark the states visited), a tire pressure gauge, and the grand prize of \$150 cash which was won by Mike Blangy who only had one ticket for the 1,316 miles ridden. We concluded our time by passing out the 2010 ride cards.

I want to encourage you to get out there and burn gas and wear out tires and participate in this year's contest. If you don't have a ride card, please send me a picture of your 2010 beginning odometer reading or get Sam, Mike Briese, or Don Hatley to witness your odometer reading. Then mark off your events and keep track of your miles. Then this time in January, 2011 maybe you can be a prize winner. At a minimum you'll have all kinds of memories.

Tim
