

Chapter A E-Mail
June 21, 2010

Keep checking the Webb Site and Bulletin Board (BB).

I'm back what a great ride to California put together by that Wizard of the scrolls, the master of finding the twisties and now the Expert of the GPS..... the one and only Kenny Urban. Gary Reinke had a transponder to show the ride route on spotwalla.com. He also sent out a day email but the full report will be out in a few days.

So listen up as the Rankster tells you a tale about the four motorcycle buccaneers who braved the trailers, motor homes and wild animals in search of the elusive golden twisties along the Pacific Coast.

Jim Smith, Chapter B, has posted a Trike for sale on the bulletin board.

Rider Education:

During our ride to California Kenny was blind sided by a small deer. It hit the front tire area of his wing. He was able to keep control and came to a safe stop. The

deer was knocked down, did a couple of 360s and headed into the woods. No one was hurt, unknown what injuries the deer sustained. Kenny had two deer whistles on his wing one was missing after the accident; this was the only damage to the wing.

Ride Reports:

Check website and bulletin board.

If you have something for the weekly email, or new letter send it to me by Monday of each week.
