

Chapter A E-Mail  
August 23, 2010

Well summer is back after one bad day, hooray. It's hard to believe it's almost September plenty of good riding weather left.

Our Gathering this Saturday, I will be there. I had planned to go to the Region Rally but things did not work out. I know several Apes are planning to attend the Region Rally and Kenny has a route planned for the migration to Kellogg, ID.

Chris and Patty are out of town, if you would like to be the greeters this Saturday let me know. I have all the stuff you will need.

If you missed Neil and Lois Anne at the social last Wednesday they said they will be at the Gathering on the 28<sup>th</sup>.

Chapter Y is putting together the Riddler run for 2010. The proceeds from this years event will go to the local food banks.

Sherri Coe's phone number is 253-839-4222, if she's not at home leave a message.

### **Rider Education:**

#### **GWRRA, ITS EVENTS AND ALCOHOLIC BEVERAGES**

While GWRRA makes no attempt to legislate policy as it relates to an individual's freedom, we must give strong consideration to potential liability exposure of the Officer group. For this reason, GWRRA CANNOT: 1) sell alcoholic beverages; 2) profit from the sale of alcoholic beverages; 3) distribute as an award or prize any alcoholic beverages at a GWRRA event; 4) encourage its use by advertising its availability or causing it to be available at GWRRA events.

### **Ride Reports:**

Kenny led a visit to Chapter E

Tim and Angela are back.

Guys,

Angela and I are back safe and sound after slightly more than 5200 miles in 16 days (2 days were zero ride days so we averaged just under 400 miles per day). It was simply a fabulous touring trip touching the highest drivable point in the USA and also sea level, the loneliest highway in the USA, multiple passes over 9k feet, very few forest rats and other critters, lots of dams, cafes, interesting people, and so much more. Our ride report will be available soon with pictures.

Today we rode FS23, 90, & 25 up the backside of Mt. St. Helens with virtually no traffic.

Plus we found a nifty "red" restaurant that would make a nice day chapter ride if a 400 mile day works <grin>.

Tim
