Rider Education:

Tim reported that most motorcycle accidents occur within the first fifteen minutes of starting out on your ride. Focus and prepare mentally before riding.

Ride Reports:

Clayton and I left Thursday morning for a ride to Paradise, it was a heavenly journey ☺. We left from the Chevron Station on Sunset in Renton. We headed down the Jones road and South on 196th. Then through Enumclaw, Buckley, along Lake Kapowsin. Through Eatonville, Elbe and to Paradise where we toured the new information center. We then headed down to Hwy 123 which was being covered with chip seal. We had lunch in Packwood, yes Jonesy I had a Taco Salad. Down Skate Creek Road and followed basically the same route back. Some clouds a slight misting of wet stuff and clear skies.
